SUMMARY

Final-year Computer Science student skilled in Python, C++, and Machine Learning with experience in developing ML models and Django-based web applications. Interested in software development and AI roles. Quick learner with strong problem-solving skills and international academic exposure through a student mobility program in Malaysia.

EDUCATION

Karpagam University, Coimbatore

2023 - 2027

B.E. Computer Science and Engineering
CGPA: 6.45 (upto 5th sem)

INTI International University, Malaysia

Aug – Dec 2025

International Academic Exchange Program
CGPA: 3.10 / 4.00

PROJECTS

Product Demand Forecasting using Machine Learning (Python, Scikit-learn)

- Developed a machine learning model using Random Forest and Linear Regression to forecast product demand from historical sales data.
- Improved demand prediction performance using Random Forest and Linear Regression models.
- Analyzed historical sales patterns and generated demand predictions to support inventory planning.

Gold Price Tracking Web Application (Django, MySQL, API)

- Developed a Django web application integrating live gold & silver price APIs with MySQL database.
- Implemented real-time gold and silver price tracking using external APIs and dynamic data updates.
- Integrated MySQL database for efficient storage and management of application data.

SKILLS

Programming Languages: Python, C++

AI & ML: Machine Learning, Predictive Modeling

Libraries & Tools: Scikit-learn, Pandas, NumPy

Web Development: HTML, CSS, Django (Basics)

Tools & Platforms: GitHub, VS Code, Jupyter Notebook

ServiceNow: ServiceNow Certified System Administrator (CSA), ITSM Fundamentals

CERTIFICATIONS & ACHIEVEMENTS

- | | |
|--|------|
| • Student Mobility Program, INTI International University, Malaysia | 2025 |
| • CCNA: Introduction to Networks, Cisco Networking Academy | 2025 |
| • ServiceNow Certified System Administrator (CSA) – ServiceNow | 2026 |
| • Introduction to Cloud Computing | 2026 |
| • Workshop on Decision Making with Power BI Analytics, Kongunadu College of Engineering and Technology | 2024 |
| • Second Prize – Code Development (Python-based Problem Solving), Karpagam Academy of Higher Education | 2024 |
